

NORDICA[®]
Extraflame
Warms up your life.

When you truly love fire, you seek it in all its forms.
Not only in the living flame, but in that warmth that embraces, in that light that transforms
space into a refuge, into pure emotion.

Today, fire reinvents itself.
No more need for wood, installations, or chimneys to ignite its magic.
The Lumen series makes it possible:
without compromise, without limits, with maximum simplicity.
A new, elegant, and contemporary look
that preserves the ancient soul of fire.

Because it's not just about technology.
It's the desire to bring back the beauty of the flame, the calm of a moment to be lived intensely.
Even where, until yesterday, it seemed impossible.

This is what our electric fireplace is:
a modern spark that ignites a timeless emotion.
Because fire, when you truly love it,
never stops living in your dreams.

Our world

There is work, and there is passion.

There is a family, and there is an ideal.

There is optimism, innovation, and the will to evolve while staying true to one's identity.

In every La Nordica-Extraflame product, all of this — and much more — can be found. This is well known by the many customers who, for over fifty years, have trusted a brand that has become synonymous with warmth, reliability, and safety.

From the dream of brothers Silvano and Giannino Dal Zotto in the 1960s, a solid industrial reality was born, still led today by the same family, with a renewed spirit and an eye always on the future.

We produce wood and pellet stoves, cookers, fireplaces, and boilers with the same love and dedication as ever. Today, our range is enriched by the new LUMEN line.

In fifty years of history, we have reached over 50 countries worldwide, offering more than 200 Made in Italy products, designed to generate domestic heat from renewable sources.

A growth built on solid roots, characterized by quality, design, technology, and respect for the environment, certified by the highest international standards.

Our history is the foundation of our future.

A new flame is born

Our electric fireplaces are entirely made in Italy, following an artisanal production process carefully curated in every phase.

We use Italian wood. Each piece is precisely cut, debarked, positioned, and then treated with direct flame to achieve a realistic effect. Once completed, we apply a transparent protective resin to preserve its natural appearance and ensure long-lasting durability.

At the base of the structure, a decorative layer is placed, designed to visually recreate the effect of glowing embers.

The lighting system has also been developed in-house: after numerous tests, we have defined a LED configuration that realistically simulates the flame and embers, providing a natural and captivating visual effect.

Each fireplace is the result of precise craftsmanship, designed to combine functionality with attention to detail. This is why every product is a unique and unrepeatable piece.

Available finishes

Each Lumen finish is designed to offer a textured and pleasant surface, evoking the sensation of natural materials. The colors are carefully selected to maintain visual balance and naturalness in any environment and lighting condition.

The result is a sober, contemporary palette, created to discreetly and stylishly enhance any space.

Available configurations

Our electric fireplaces are designed to easily adapt to any type of environment, thanks to their great installation versatility. They can be built into the wall or surface-mounted for a quicker, non-invasive solution without structural modifications.

They are available in three aesthetic configurations — frontal, corner, or panoramic — offering maximum design freedom and enhancing the flame from one or multiple perspectives, depending on the space and style of the room.

Light that furnishes

Lumen uses an advanced LED lighting system, composed of numerous light points to create a flame effect in tune with our traditional fireplaces.

The lower LEDs simulate embers in shades of red and yellow, while the upper downlights create a diffused ambient illumination over each wood log.

The rear light intensity can be easily adjusted across three speed and intensity levels using the remote control or in detail through the dedicated app, which allows control over each set of LEDs. A level of customization adaptable to every need.

Smart control

Lumen can be easily controlled via remote, dedicated app, or Alexa voice assistant.

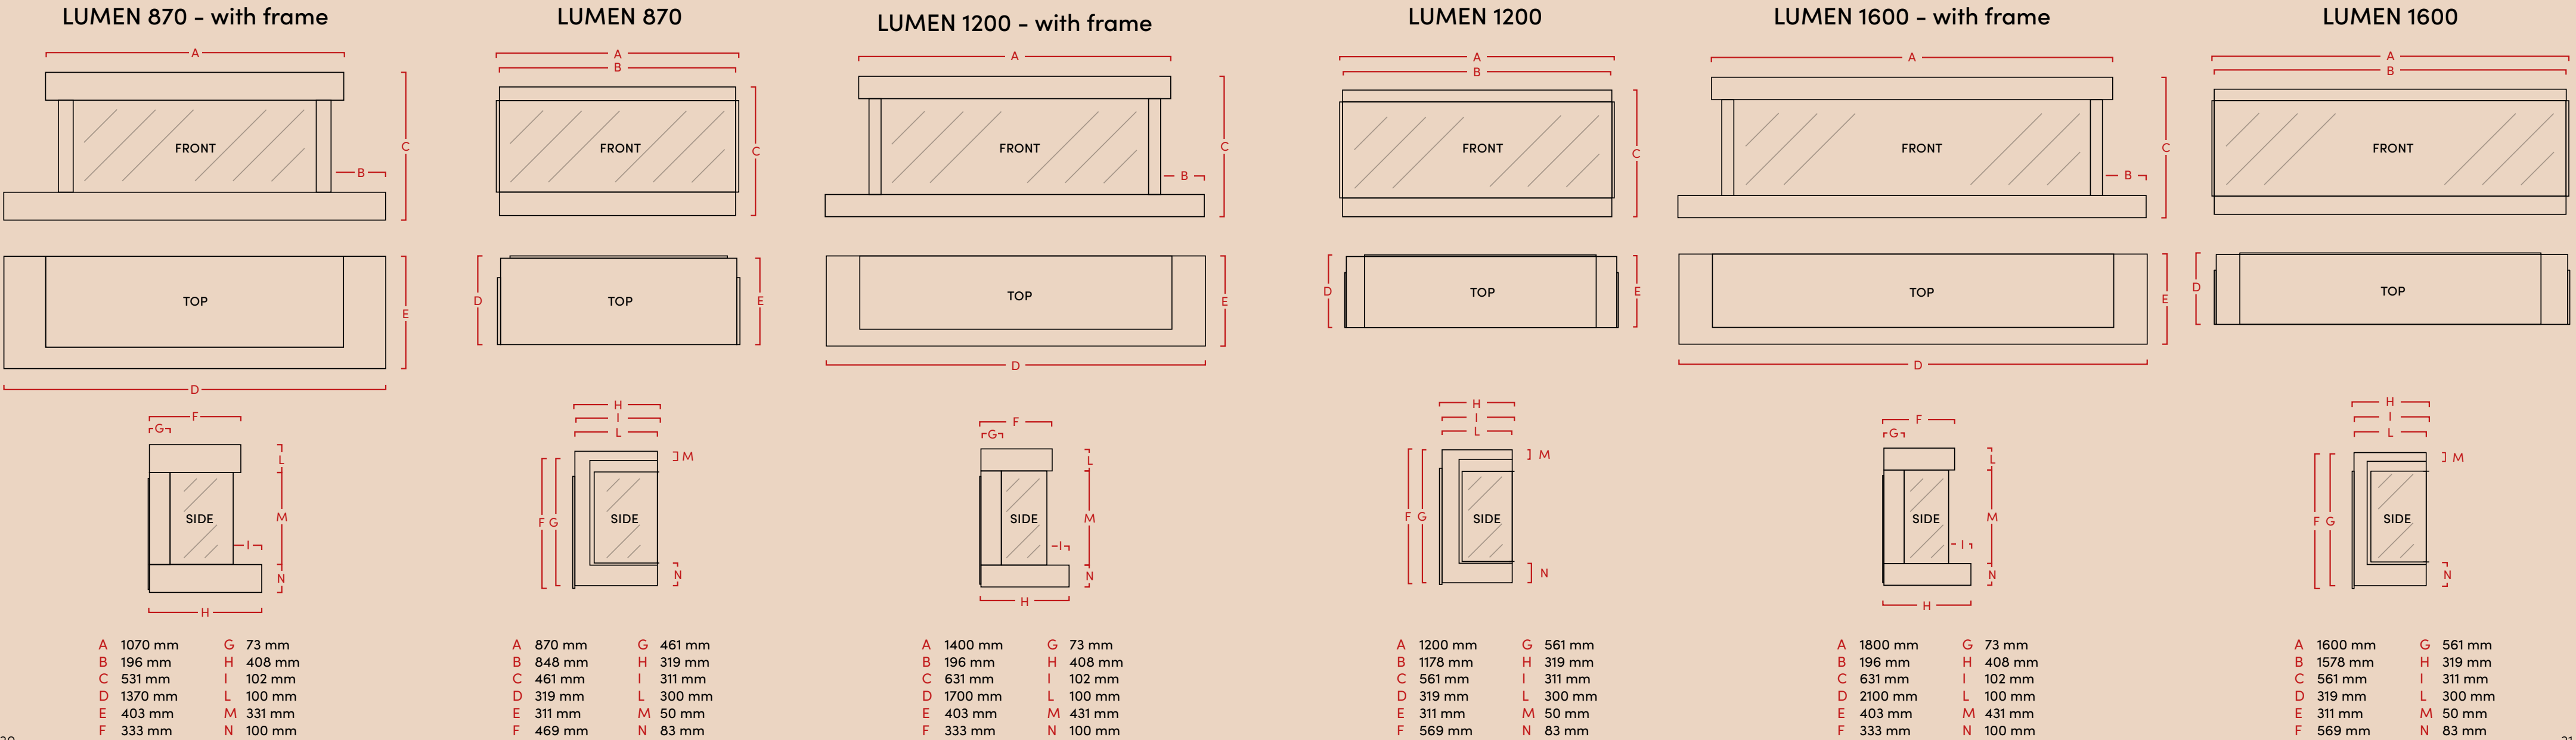

The remote allows immediate and intuitive operation: you can adjust the flame intensity and speed across three levels and manage ventilation by choosing between off, normal (1000 W), and maximum (2000 W) modes.

The dedicated app offers an even more advanced level of management. It allows control over LED sets to adjust embers and flames and provides the ability to save and recall your favorite lighting scenarios, tailoring every detail to the desired atmosphere.

With Alexa, control becomes even more natural: simple voice commands are enough to adjust light, flame, and ventilation.

TERMS AND CONDITIONS OF SALE

1. The contractual relationship resulting from acceptance of each individual order is governed by the standards described in these general terms of sale. The purchaser waives any other general purchasing conditions, unless otherwise specifically accepted in writing by LA NORDICA S.p.A.
2. The purchase order is irrevocable and binding for the purchaser, and shall be considered accepted when the purchaser receives formal confirmation thereof from LA NORDICA S.p.A.. Once confirmed, the purchase order may not be cancelled without the prior written consent of LA NORDICA S.p.A.. In this event, LA NORDICA S.p.A. shall have the right to a suitable indemnity for the expenses and costs sustained in beginning to fulfill the order.
3. The prices indicated in the sale catalogues/price lists are purely indicative, and may change during the validity period of the catalogues/price lists themselves due to increased production costs. Once confirmed according to the procedures set forth in art. 2, the sale prices indicated in the order shall become binding, except in the event of unforeseen increases in production costs beyond LA NORDICA S.p.A.'s control. In this event LA NORDICA S.p.A. shall inform the purchaser of the price increase, indicating the cause thereof.
4. Delivery terms are purely indicative unless specifically agreed otherwise. Should the manufacturer be unable to fulfill the order due to circumstances of force majeure, irregular supply of raw materials or other unforeseeable circumstances, the terms of delivery shall be considered extended, and the new terms will be established by mutual agreement between the parties.
5. Products will be delivered to the purchaser ex-works (EXW) from the LA NORDICA S.p.A. facilities in Montecchio Precalcino (Vicenza, Italy) (Incoterms® 2010). Products will be sold under retention of title and remain property of LA NORDICA S.p.A. until the full-agreed price has been paid.
6. The purchaser undertakes to verify the quantity and state of the shipped packages in confrontation with the carrier or forwarding agent. Any complaints regarding quantity discrepancies or damaged packages must be notified to the carrier and according to the procedure agreed with the carrier itself. No Products may be returned unless previously agreed upon with LA NORDICA S.p.A.. In the case of authorized returns, the Products will have to be returned via free port and packing free of charge and shall be credited at the purchase price with a deduction from 10% to 30% for inspection and repackaging costs. In any case return of items which are not included in the price list currently in force at the time of the request will not be taken into consideration.
7. LA NORDICA S.p.A. does hereby represent and warrant that the Products shall comply with the technical specifications available in LA NORDICA S.p.A.'s catalogues and literature in general. The products are guaranteed for the period of one year from the date of purchase. In order to enforce the guarantee, purchaser must report the non-conformity in writing to the vendor and exhibit the purchase receipt. In the event of non-conformity, the consumer may request LA NORDICA S.p.A. to repair or to replace the defective products. LA NORDICA S.p.A. guarantees to repair the defective products free of charge. The guarantee shall not operate in the event of improper use of the products. Equally, non-conformities due to negligent or careless use, failure to comply with the instructions for operation of the equipment, installation in places that require specific safety standard, installation or maintenance performed by unauthorized personnel, damage caused during transport or by circumstances unrelated to manufacturing defects and/or non-conformity of the products are not covered by the present guarantee. LA NORDICA S.p.A. declines all liability for damage or injury which may be caused directly or indirectly to persons, property and domestic animals as a result of failure to comply with the instructions given in LA NORDICA S.p.A.'s catalogues and literature, in particular those related to installation, use and maintenance of the product. This warranty is the only warranty given by LA NORDICA S.p.A.. Consequently, except in case it is proven LA NORDICA S.p.A.'s gross negligence, LA NORDICA S.p.A. shall not be liable for any direct or indirect damage or loss of profit due to the misuse, the inability to use, or the incorporation of the Products in other products.
8. The Products must be installed and/or used in compliance with their technical specifications and instructions provided by LA NORDICA S.p.A.; they must also be installed and/or used in observance of the regulations and requirements governing the installation and/or use of electrical material in force in the country where the products are installed and/or used. Purchaser expressly relieves LA NORDICA S.p.A. of any liability in case the ordered products do not comply with the rules and/or standard and/or technical specifications in force in the country where they are delivered or installed in. Ordering the products Purchaser expressly declares that he has carried out all the necessary investigations regarding the compatibility of standards in force in the country for which they are purchased.
9. Payments must be made according to the procedures notified by LA NORDICA S.p.A.. Failure to pay invoices, in full or in part, beyond the established due date shall immediately lead to the application of interest at the rate as per D.Lgs. 9th October 2002, n. 231, in addition to any bank charges and commissions. Failure to pay for any reason shall authorize LA NORDICA S.p.A. to suspend additional shipments of material.
10. Under the terms of art. 10 of the law 196/2003, the purchaser is hereby informed that all personal information shall be entered into the LA NORDICA S.p.A. database, as a necessary aspect of correctly upholding the contractual relationship and compliance with certain legal requirements, as well as for statistical, commercial, marketing, promotional purposes, credit protection, management and transfer thereof. The personal information of the purchaser is processed by automated means and by authorized persons, with the use of security measures aimed at ensuring confidentiality. The personal information of the purchaser may be notified to public agencies, other firms within the group, credit retrieval firms or firms, consortia or associations for commercial, market research, and marketing purposes. LA NORDICA S.p.A. is the owner of processed data, whom the purchaser may contact to exercise his rights as set forth in article 13 of the law cited above. To this end the purchaser is hereby informed that he may access his own personal information at any time, and request that it be updated, corrected, or deleted and/or refuse to allow processing thereof.
11. The rights and obligations of the Parties are governed by Italian law, and the Court of Vicenza has non-exclusive jurisdiction over any controversy that may arise in relation to the sale of the products. The purchaser irrevocably accepts the jurisdiction of the Court of Vicenza should LA NORDICA S.p.A. file a suit with said court.

Validity of price list from 01/06/2025 until otherwise notified.
