# Gas Technology

## FIRE TABLE FOR PREMIUM OUTDOOR DESIGNS

Galaxy Table with wheels offers a major advantage of versatility, allowing you to move the warmth and cozy ambiance from one place to another. This portability also makes it easier to redecorate your living spaces, granting you the flexibility to shift your fireplace according to your changing design aesthetics or seasonal needs.

## **AUTOMATIC GAS TECHNOLOGY**

Galaxy fireplace offers two fuel options - LPG or Natural Gas. The perfect combination for custom outdoor fire designs.

The box is made of the highly-renowned Dekton surface by Cosentino - ultra-compact material made from sintered ceramics, quartz and glass. Its high-performance offers scratch and stain resistance and is known to withstand high temperatures. It has an elegant matte look of Kreta natural stone, making it an eye-catching decoration in any space. The burner has an elegant yet solid stainless steel top finish and is also decorated with fine black glass gravel.

**REMOTE CONTROL** 

Control the fire with the remote, app on your smartphone or a home automation system.
