

MICO 600 BURNER AUTOMATIC

AUTOMATIC OUTDOOR GAS BURNER

Gas Technology

AUTOMATIC GAS TECHNOLOGY

Mico offers a hassle-free experience. With just a push of a button, you can ignite the fireplace, instantly creating a cozy atmosphere in any outdoor setting. The design includes safety features like automatic shut-off and precise temperature control, making it a safe and efficient choice.

STAR-SHAPED BURNER FOR CUSTOM DESIGNS

Mico, with the star-shaped burner, allows the flames to spread evenly across the burner, creating an enchanting visual effect. Simply insert the burner in a custom surrounding that you like and enjoy the most elegant fire decoration.

BUILT TO LAST!

Mico burner is made with the finest quality components, ensuring durability and performance in any outdoor setting. It's waterproof, robust, and built to withstand severe weather conditions.

NATURAL GAS OR LPG

A gas fireplace, versatile in its fuel options, can operate on either LPG or natural gas, offering a consistent fuel supply, making it a reliable heat source. The flexibility in fuel types allows users to choose the most accessible and costeffective option for their needs.

WALL SWITCH CONTROL PANEL

Install the dedicated control panel on a wall near the fireplace so you can always easily regulate the fire.

REMOTE CONTROL

Control the fire with the remote, app on your smartphone or a home automation system.
